The age range listed for each of the classes is carefully chosen to match children of approximate skill level. The ranges are tighter than at most other schools. The lower end of each age range is the minimum age. If your child is almost at that minimum age, it may be wise to wait a while to provide the most positive experience.

GIFT CERTIFICATE

Give someone a unique opportunity to be creative. That would be a rare gift, indeed! A "Gift of Creativity Card", with personal message and matching envelope- from you to someone special- can do just that.

1. GIFT COURSE SELECTED BY YOU: Circle a specific class or workshop on the Application page (or indicate that you want the choice left up to the recipient). Fill in recipient's name, address and phone number on Application.

2. You will receive a card and envelope to send to the recipient telling them of your gift course.

3. GIFT COURSE TO BE LEFT UP TO THE RECIPIENT: Indicate this on the Application.

Fill in recipient's name, address and phone number on Application. A list of courses (without mention of Tuition and Materials) will be included with #2 above for their own selection. They will send in the information requested (such as on the Application), you will be notified of their selection and cost and, when we receive your payment, they will be registered. As always, when an adult course says "Materials not included" in the course listings, whatever supplies students are missing will be their responsibility.
